

Atlas Navigation – The Hover Menu

How to use the Hover Menu

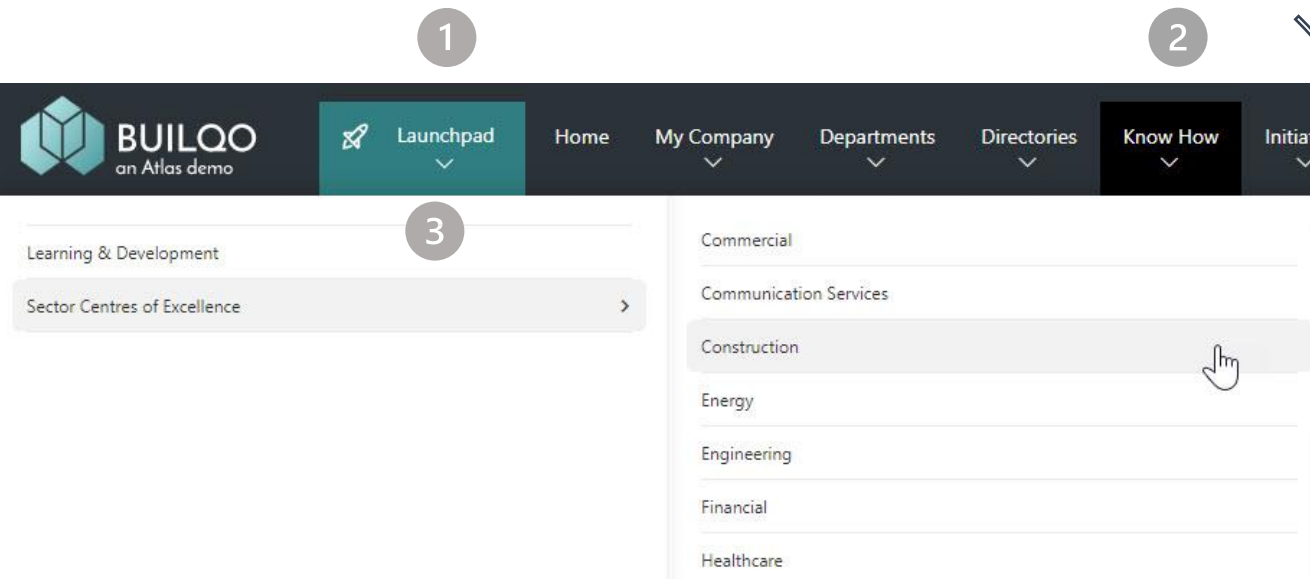

1 Hover Menu:
 - Take your mouse over an area on the Menu (e.g. Know How)
 - This will display a sub menu

2 Sub Menu 1:
 - Hover your mouse over an area within the Sub Menu (e.g. Customer Success)
 - The arrow will change to a hand icon, if there is an additional menu it is represented by a >

3 Sub Menu 2:
 - Select an item from the menu by left clicking with your mouse (e.g. How To)
 - The page will now open
 - If you see a scroll bar, use this to find further options

 There could potentially be further Levels to the Hover Menu. Always represented by a > to indicate further options

Atlas Navigation – The Hover Menu

What changes have been made?

1

Highlight - Using your theme colours:
 - Highlight available for Launchpad, Feedback, My Atlas, AddIt, Search
 - In this example Launchpad has been highlighted.

2

Hovering over a menu item:
 - This is indicated by a highlight of colour, in this example it is black.
 (Know How)
 - If your cursor is an arrow it is not clickable, If your cursor is a hand this means you can click to launch.

3

Sub Menu:
 - This is indicated by a  arrow
 (As seen beneath Launchpad, My Company etc)

Atlas Navigation – The Hover Menu
